## Daily Diving Deeper

### Worship with Your Voice

February 17, 2010

#### Memory Verse:

"Shout for joy to the Lord, all the earth,  
burst into jubilant song with music." Psalm 98:4

"Let us come before Him with thanksgiving and  
extol Him with music and song." Psalm 95:2

"Praise the Lord from the earth, you great sea  
creatures and all the ocean depths." Psalm 148:7

Have you ever stood in church and had the desire to shout praise to God or dance before Him as David danced, yet you held back for fear of what others may think? If you come before the Lord with a joyful heart, feel free to express your praise in whatever way He leads!

Take a challenge this week to find a way to make a "joyful noise" before the Lord as a family. Whether you sing a song of praise or stand and shout "Thank You, God!" for the beauty of the stars in the sky—let God hear your praise!

God desires that all of us praise Him. He is our Creator and Savior and is worthy to be praised.

#### Pray:

Lord, You are good! We bring grateful, joyful hearts before You. We pray that words of praise will always be on our lips. Help us to tell others of your goodness. In Jesus' name, Amen

## **depth**

In this song, “depth” refers to the space between the top surface of the ocean’s water all the way to the bottom of the ocean’s floor. That distance is the “depth” of the ocean. It is measurable, but the great depth of God’s love for us goes beyond anything we could measure. That’s a lot of love!

## **width**

The width of something would be the distance across it—or how far it is from one side to the other. Again, God’s love is wider than any width we could measure!

**Draw a picture of all the creatures in the ocean  
praising the Lord...**

**Draw a picture of you praising the Lord...**

# **overflowing love like a fountain**

**A fountain works because water is pumped to the top level, which overflows (or spills out) as it fills up onto the level below. The process continues as water continues to be pumped up through the fountain. Our love for God should overflow in our lives. We shouldn't keep it to ourselves; rather, we should let it "spill" out to be shared with others!**
